Dear Tammy,

In the confusion after the incident on Friday I did not get a chance to thank you personally for your team's efforts in our recovery operation. On behalf of all the responder agencies we would like to thank you and your team for your assistance.

I would like you to know that your team and dogs are wonderful, in both your skills and operational efficiency. Without your team we would not have been able to put an end to this operation when we did.

Again, you have a great organization and we thank you very much.

Sincerely,

Mike Cherry  
Chief
