Canyon, TX 79015

To Whom it May Concern:

As you know, July 12, 2008 brought tragedy to the Village of Lake Tanglewood when 30 year old Marcell Daigle drowned while spending time with friends on the Lake. Although Lake Tanglewood rescue crews responded to the scene only 3 minutes after the tragedy occurred, Mr. Daigle's body was unable to be immediately recovered. However, when the call went out that our rescue crews needed assistance, the A.A.S.K. responded almost instantaneously and the members of the team gave of their time willingly and with an open heart. The citizens and aldermen of Lake Tanglewood appreciate so much your willingness to aide our city during one of its darkest times. Please accept this letter as a woefully inadequate, yet sincere thank you from the aldermen, residents and Village of Lake Tanglewood as a whole. Your dedication and service did not go unnoticed and you will be blessed.

Thank You,

Robert Hulsey
Mayor, Lake Tanglewood
